

Deer Haven

Owner

WYDOT

Location

US Hwy 16 Mile marker 41.74 to 44

Contract Value

\$8,211,045.00

Company Role

Prime Contractor

Project Description

Many items made up this project, including grading, drainage, placing crushed base and bituminous pavement surfacing, chip seal, wetland construction, MSE retaining wall, removal and replacement of box culverts, signage, guardrail, fencing and miscellaneous work on 2.3 miles of US 16 between Ten Sleep and Buffalo, WY. Project Manager Matt Otterby and Project Superintendent J.B. Benson faced numerous challenges in completing this project. Rugged terrain, large boulders, the extreme hardness of the rock, and a pristine mountain environment to work within combined to challenge Oftedal crews. The project was finished on time and on budget, and was featured in the September edition of WYDOT's Interchange magazine. [more](#)
