

OFTEDAL
CONSTRUCTION, INC.
EMPLOYEE OWNED • EMPLOYEE BUILT

West Antelope

Owner

Rio Tinto Energy America Services Company

Contract Value

\$8,412,056

Company Role

Prime Contractor

Project Description

In October 2006, Oftedal began construction on three earthen flood control structures, along with a sheet pile drop structure, designed to retain or divert storm water from expanding coal mine operations.

A testament to Oftedal's safety commitment, the West Antelope project logged over 50,000 man hours without a lost time accident.
